MSS, "Russian Operations in Bulgaria, 1880-1896"
(Unclassified; attached)

1. Subject manuscript, which we discussed on the telephone today, is the product of Dr. Paul Blackstock, a professional civilian employed in the Office of the Chief, Psychological Warfare, Department of the Army. On my recently completed fifteen days' duty with OCPW, I had the opportunity to become acquainted with Dr. Blackstock and his work, which is of a high calibre.

2. It will be noted that the attached manuscript is one-half of a presentation on "Covert Political Warfare." The companion volume ("German Political Warfare Against the USSR, 1939-1945") has been accepted for publication and will be published in the spring of 1955. The manuscript for this volume is available from Dr. Blackstock, and is, in my opinion, excellent.

3. I of course have no idea as to the possible utility of the attached or its companion work as far as the Office of Training is concerned. I understand, however, that you are willing to have it reviewed for your purposes, and I am sure that OTR's comments would be gratefully received by the author; they would be much appreciated by the undersigned.
